**Peddling Curb
Is Urged Here
By Retailers****Itinerants Taking Huge
Sum Out of Town,
Is Report**

Declaring that thousands of dollars are taken out of town each year by itinerant solicitors, peddlers, hawkers and other individuals who prey upon the housewife, Redwood City merchants today have approved a resolution to abolish that type of solicitation in Redwood City. The resolution will be brought before the city council for immediate passage.

Merchants who are interested in discussing this important piece of legislation are urged to get in touch with Howard I. Wood, secretary of the chamber of commerce, at once.

The committee which deliberated upon the move consisted of P. A. Ryan, W. E. Ayer, D. P. Washburn and Clarence Choate.

It was brought out that this type of solicitor going from town to town pays no taxes or rent or any of the other normal expenses of operating a business and does not spend any of the money obtained in the community and in no way lends his moral, financial or physical support to any movements for the betterment of the community.

It was also stated that because of the many crimes committed during the past few years, housewives and families of the community should be protected by law from strangers who impose upon them in the midst of their household duties to sell them miscellaneous articles.

The resolution which the merchants will ask that the council pass as an ordinance is as follows:

Ordinance Outlined
An ordinance relating to the practice of entering upon private residences by solicitors, peddlers and transient vendors and degrading the same under certain conditions to be a nuisance.

Section 1. The practice of going in and upon private residences in the City of Redwood City, California, by solicitors, peddlers, hawkers, itinerant merchants, and transient vendors of merchandise, not having been requested or invited so to do by the owner or owners, occupant or occupants of said private residences for the purpose of soliciting orders for the sale of goods, wares and merchandise, and/or for the purpose of disposing of and/or peddling or hawking the same, is hereby prohibited, declared to be a nuisance and punishable as such as a misdemeanor.

Section 2. Any person convicted of a violation of this ordinance shall be fined in a sum not exceeding one hundred (\$100.00) dollars or confined to the county jail for not exceeding 90 days, or by both such fine and imprisonment.

Section 3. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Section 4. This ordinance shall be in full force and effect from and after its final passage and publication.

**Mrs. Peter Cullozzo
Dies at Home Here**

Mrs. Catherine Cullozzo, 46, died late Tuesday at her home on Second avenue in the North Fair Oaks tract following an illness of several months. She was a native of Italy and had resided here for the past five years.

Besides her husband, Peter Cullozzo, she is survived by two sons, Paul and Aldo, and a daughter, Alvera, all of this city, and a cousin, Gamba Matea of Vallejo.

The funeral will be held on Friday morning at 9:30 a. m. from the Laying & Tinney Funeral Home, thence to Mt. Carmel Church where a requiem high mass will be celebrated for the repose of her soul commencing at 10 o'clock. Interment will follow in the family plot at Holy Cross Cemetery at Menlo Park.

**Stores Report
Brisk Purchase
Of Foodstuffs**

Redwood City shops have stocked up heavily in anticipation of food shortages due to the San Francisco teamsters' and waterfront strike.

Housewives are making the most of the opportunity to stock up, merchants report, and sales picked up briskly immediately after the teamsters' strike was called.

Staple groceries, meats and delicacies, too, were included in the goods stored in local pantries.

**HANDBILL LAW
VIOLATIONS WIN
RETAIL PROTEST**

Stricter enforcement of the handbill ordinance and greater vigilance by residents in assisting the police department in curbing illegal distributions were urged Monday by the Redwood City Retailers' division of the chamber of commerce.

Charges that the San Francisco Shopping News and some of the local merchants were allegedly violating the city's handbill ordinance were made at a meeting held by the retailers in the chamber of commerce offices yesterday afternoon.

It was pointed out that handbills cannot be delivered to homes where delivery has not been specifically requested.

Howard I. Wood, secretary of the chamber of commerce, was instructed to communicate with City Manager Ernest Rollison in regard to stricter enforcement of this law. The law was passed at the request of Redwood City merchants and businessmen in cooperation with improvement clubs and other civic bodies.

**Crumb Selected
By Legion Post
To Succeed Frey**

Fred W. Crumb last night was elected commander of Redwood City Post No. 105, American Legion, to succeed Charles M. Frey.

Others named to office in the annual election of officers of the local post are Roland H. Bennett, adjutant; C. M. Becker, first vice-commander; Lewis Corbin, second vice-commander; Carl S. Underwood, finance officer; Grover T. Chaney, chaplain; George W. Mulcady, historiographer; Richard W. Aragon, sergeant-at-arms.

The retiring commander and Dr. John N. Blood and Floyd Granger were elected to membership on the executive committee.

Emmett Donnelly, Charles Frey, G. W. Hall and Dr. Blood will represent the post on the San Mateo county council of the American Legion for the next 12 months. Delegates chosen to represent the post at the American Legion state convention in San Francisco in August are: Commander Crumb, C. M. Frey, Dr. Blood and Joseph Fasso. Alternates include Thomas Vernal, G. W. Hall, Floyd Granger and C. M. Becker.

EX-ELK LEADER SUICIDE
BURLINGAME, July 11.—Joseph J. Flatley, former exalted ruler of the San Francisco Elks Lodge, was found in the garage of his home here last night fatally wounded with a bullet hole in the head and a revolver by his side.

By Stagecoach in 1877—By Plane in 1934

Above the same route over which he drove stagecoaches fifty-five years ago at less than ten miles an hour, Fred Tice, octogenarian, got a new thrill when he rode over the old stage trail in a United Air Lines three-mile-a-minute, multi-motored transport.

A half century ago, for his 275-mile stagecoach route, one hundred hours and ninety-two horses were required, a distance the seven-ton United covered in one and one-half hours. Instead of holding the reins of six horses, he streaked along behind the combined power of 1100 horses as a stewardess served lunch.

"I never dreamed anything like this would happen," mused Tice. Tice is shown with Miss Arvilla Burns (left), attired in the styles of 1877, and Cornelia Peterman in the modern garb of a United Air Lines stewardess.

**Tax Bureau's
Transfer Still
Is Undecided****Estimated Savings Put
At \$1500; Further
Study Ordered**

Transfer of city tax collecting duties to the county failed to draw a recommendation from the special committee of the Citizens' Advisory Board in a report submitted last night.

Chairman Wayne Millington presented a report showing an anticipated saving of about \$1500 in the plan, reducing the estimated \$7000 saving reported upon by a council trio some weeks ago.

Cost of the present tax collection bureau is placed in the budget at \$6800. The bureau, however, carries on other functions and could not be abolished in its entirety. It was estimated that \$3559 would be required to retain that part of the bureau which performs services exclusive of tax collecting. The difference between \$6800 and \$3559 would be \$1440. The earlier estimate of \$7000 in tax savings was based on budget figures of a year ago.

Legal obstacles, as previously pointed out, stand in the way of the plan at this time. These can be shown to be large enough to warrant the change, City Attorney Albert Mansfield announced. Millington's committee, which included John Gill, Charles Hildebrandt and Clarence Choate, reported that large cities using the city-county tax collection plan were satisfied with it.

These cities have their task simplified, however, by using the county assessment.

This plan would create a difficulty here in that the county assessment is so much lower than the city's that under the \$1 limitation for general tax purposes sufficient revenues to operate the city could not be secured.

Mansfield said it will be necessary to get the public's approval to lift the minimum, if the county assessed values are used, to about \$300.

Louis Jenkins Sr., Hilltop drive, said it would be impossible to operate the city on the county valuation basis. Upon motion of Committeemen J. E. Morrish and second of Otis Carrington, the citizens' board turned the Millington committee report over to City Manager Ernest Rollison for study and a report.

**De Zita Plans
Thrilling Stunts
In Driving Test**

Doctor De Zita, hypnotist and ex-officer of the French Foreign Legion, who in his native country bears the title

of Baron William M. O. de Orgler, is in Redwood City to perform a series of spectacular blindfold stunts. Dr. De Zita has thrilled audiences in all parts of the United States with his performances, and it is expected that a large crowd will gather here today for his exhibition.

One of his stunts will include exhibitions of blindfold driving today at 1:30 p. m. and 7:30 p. m. He will give these car-driving exhibitions in a new Ford V-8 sedan furnished for the affair by the Towne Motor Co.

He will stop to visit many local merchants and for the benefit of customers will perform blindfold feats in various places of business. He has appeared in larger cities throughout the United States and his blindfold act has never failed to attract great praise.

Dr. De Zita also has a formidable film record, having appeared in "Ben Hur," "The Desert Song," "Morocco" and numerous other pictures.

The drive will begin from in front of the Sequoia Theater.

The Tony's Taxi business has been purchased by John Demeter, who has for some time been the assistant to the manager of the concern. He is a good and capable business man and should do well.

**Dunshee Will
Be Interviewed
On Dairy Hour**

Problems of child welfare and preventive hygiene will be discussed by Dr. J. D. Dunshee, director of the state department of health, in an interview with Joan Andrews over KPO at 10 a. m. Monday.

Before coming to his present position last March, Dr. Dunshee achieved outstanding success as Pasadena health officer, raising the Pasadena department to first position among cities of its size in the entire country.

**Redwood City
30 Years Ago**

Thomas Stafford and George Winter, Jr., are enjoying a bicycle and camping trip along the coast between Pescadero and Santa Cruz.

Fred Nobs, who left last month with the geology class of Stanford to study the formation of the Santa Cruz and San Mateo coast region, returned home Thursday.

Mrs. George P. Rice and her son, Stanley, returned to Redwood City Thursday morning after spending two very pleasant months in the middle west. They did not remain in St. Louis very long, the climate there being warmer than anything they had ever felt before. The visit with Mrs. Rice's brother in Iowa, however, was much enjoyed.

Hall and Lee Ross, the young sons of Geo. C. Ross, who have been attending the summer school of the Michigan University at Ann Harbor since last June, will not return until the middle of next month, when they will resume their studies at Stanford.

Lewis and Clark, in spite of the hardships of exploration, found time to gather flower specimens.

**City Garbage
Utility Urged****\$4000 Fees Collected
Here; Other Cities
Benefit Less**

City collection of garbage as a publicly-owned utility to increase the profits to the taxpayers was advocated last night by the garbage committee of the Citizens' Advisory Board at a meeting in the firehouse auditorium.

Chairman W. O. Tyson gave credit to City Manager Ernest Rollison and the council for the "very able" manner in which the problem is being met at this time.

It was pointed out that private collections under city regulation have netted the municipality \$4000 in 18 months as a new source of revenue. Burlingame and San Mateo received only \$750 and \$600 from the same source.

The private contract has three and one-half years to run, Tyson's committee reported, and during that time the city should make a study of acquiring full control. It was recommended.

On motion of Wayne Millington, seconded by Philip Owen, the citizens' board urged adoption by the city council of the Tyson committee recommendations.

Aiding Tyson in the study were Otis Carrington, Eugene Fau and H. H. Duncan.

**Dandy Selected
As Distributor
For Willys Here**

Announcement of the appointment of W. G. Dandy as distributor for the Willys 77 automobiles in the Redwood City trading area was made today by the Willys Automobile Company of California. The new salesroom is located at 709 Highway where the cars are on display.

Mr. Dandy has been actively engaged in the automobile industry for the past 26 years having held dealer agencies in Fresno and Van Ness avenue in San Francisco. For several years he traveled for the Willys Company. He has been a resident of the peninsula for the past five years and until recently was associated with an automobile firm in Palo Alto. Mr. Dandy and family reside at Belmont.

In selecting Redwood City for his new dealership he cited the potential buying power of Redwood City and its great possibilities for growth in the next few years.

**Man Hurt in Crash
At East Palo Alto**

In the latest of a series of automobile accidents at the Bayshore highway intersection with University avenue, East Palo Alto, Frank Medeiros, 47, of 1247 Cowper street, Palo Alto, was painfully injured at about 7 o'clock Sunday.

Medeiros was believed to be attempting to make a left turn into University avenue when his automobile collided with one driven by Antonio Soares, 45, of Route 1, Box 390, Middlefield road.

He was taken to the Palo Alto Hospital for treatment, where he was said to have incurred severe cuts on the head and arms and bruises.

The accident was investigated by Acting Captain John Quinn and Officer Manfred Walzberg of the highway patrol.

**STEAM SHOVEL PURCHASE
DEBATED BY SUPERVISORS**

Carrying out of the intended program on the widening and possible delay Monday when the board of supervisors split on the question of purchasing a half-cubic yard steam shovel.

The cost would be \$8,000. Rental would be in the neighborhood of \$51.50 per day if one is not purchased. County Engineer James S. James said the county could operate the shovel for half that amount.

Engineer James precipitated the board's disagreement when he asked that he and County Purchasing Agent Ernest Werder be authorized to select the shovel. James said he had already secured bids.

Chairman C. V. Thompson, who favors the purchase if the board places the item in the budget, criticized James for this action, declaring that the \$8,000 item for the shovel has not finally been approved.

Supervisor John W. Poole, Redwood City, defended the shovel purchase and said that James proceeded under an agreement reportedly reached in County Executive Walter Kellogg's office during budget discussions.

Shovel Need Stressed
Poole believed the purchase of the shovel would be "good business" in view of the fact that rentals would use up the \$8,000 item in 160 days. He said that there would be need for the shovel on the La Honda, Pescadero and other county roads for many years.

**Belmont to Seek
Bids on \$45,000
Water Bond Issue**

BELMONT, July 11.—Action was taken last evening by the Belmont county water district to take steps to secure bids on Belmont's \$45,000 bond issue. W. W. Hendricks, engineer, was authorized to obtain bids on the issue and report to the board at a special meeting on July 24.

This preliminary step was suggested being taken to secure a government loan to start work on Belmont's new water system.

Hendricks was also authorized to represent the water district on next Thursday evening at a meeting to be called at the Benjamin Franklin Hotel for the purpose of organizing a peninsula water district. Hendricks will meet with Col. Charles N. Kirkbride, attorney for the district, and speed action on the contract between George L. Courtney and the district for the digging of Belmont's subterranean wells. Courtney is now digging a well at Burlingame. At the present time he is drilling at 700 feet.

Commissioner Waldo J. Marra of the finance committee, reported that plans had been made by the finance committee to pay up all back salaries and several small accounts that were past due. W. E. Curtis, manager, reported a gross profit of \$908.96 for operating the district for June. Curtis pointed out water sales have increased over the same period last year.

**Cooper Is Selected
On Widening Group**

MENLO PARK, July 11.—Mayor James Cooper was named last night to represent Menlo Park on a delegation of peninsula citizens who will appear before the California State Highway Commission at 10:30 Friday morning in Sacramento to urge widening of El Camino Real from San Mateo through Redwood City and Menlo Park to the northerly limits of

**Advisory Body
Is Unanimous
Against Plan****Administrator Would
Be 'Errand Boy,'
Group Holds**

Unanimous rejection of the proposal of the "new deal" council trio that duties of lesser offices of the city be consolidated with those of City Manager Ernest Rollison was voted by the city-wide Citizens' Advisory Board last night.

The city-wide committee was in accord that such a step would nullify the office of city manager and would tend to make that officer an "errand boy."

The motion rejecting the plan was put by J. E. Morrish, member of the committee on constructive economies, and was seconded by Carl Beger. It carried without a dissenting vote.

The citizens' committee recommended to the city council that the resolution proposing the consolidation be defeated.

In the resolution it was proposed that the duties of city engineer, who also supervises the municipally-owned water utility, and those of city health, building and plumbing inspector be consolidated with those of the city manager.

Chairman Norman W. Pendleton of the citizens' committee declared in opposing the plan that "no private corporation would consider running a business without a manager in fact and not merely in name." He pointed out that the city was a \$13,500,000 corporation and did a business in excess of \$270,000 per year.

The chairman declared that the loading duties would hamper him in efforts to achieve large savings such as he did in securing fire apparatus from Berkeley for \$750 which had cost \$5,000 and in securing \$5,800 of gas tax moneys from the county.

Chairman Pendleton during the course of his remarks also urged against reduction of salaries, as they apply to firemen and policemen on the ground that the tax reduction would be nominal but the action would seriously affect the buying power of city employees and would be "a direct blow at the merchants."

"This would have a destructive tendency and would delay recovery," he said.

Edwin Holmquist (Yosemite Club) said he did not believe all the intended duties should be loaded on the manager and declared in the long run it would cost more money than the present system.

Beger said the proposed consolidated duties were being performed by five men in San Mateo and by three here and he did not believe one man could perform them all.

Because the proposed consolidation was the "most pressing" of present city problems, the citizens' board did not wait for a report from its special committee. Dr. William B. Langston, chairman, has been out of town on vacation, but other members, Morrish, Holmquist and C. G. Uhlenberg, were present and added their votes in opposition.

Councilman Paul McCarthy, an interested spectator, said the proposed consolidations violated the "spirit, letter and intent" of the city charter.

Present and voting against the consolidation plan were:

Chairman Pendleton, Secretary Uhlenberg, Morrish, Beger, Otis Carrington, Millington, Lions Club; Eugene Fau, Greater South Redwood Improvement Club; Philip Owen, chairman of the Citizens' Advisory Board; Delphian Society; Holmquist; Yosemite Club; Clifton Woodhams, chamber of commerce; Clarence Choate, freeholders' board; Charles Hildebrandt, United Veterans' Council; W. O. Tyson, Kiwanis Club; August Lueger, carpenters' union; William Dusel, real estate board; H. H. Duncan, Menokirk Club.

Absent were Dr. Langston, Exchange Club; John Gill, city schools; George Merrill and Z. T. Thorning, member-at-large, and Elizabeth Mansfield, Woman's Relief Corps.

**Citizens to Survey
Police, Fire Bureaus**

Survey of Redwood City police and fire departments by a committee of the Citizens' Advisory Board was decided upon last night by the group.

Wayne Millington, whose committee completed its report upon the city-county assessing office consolidation, was given the new duties.

On the committee will be John Gill, Charles Hildebrandt and Clarence Choate.
